Bud Weer

Council Meetings
7:00 P.M. 1st and 3rd
Mondays of each
month.

Planning & Zoning
Meeting 7:00 P.M.
3rd Wednesday of
each month.

Utility Account Numbers

Approximately 360 water-meters have been updated in the Village. When water-meter information is updated in the utility billing system, each utility account automatically receives a new account number. This allows the billing system to track which water-meters have been updated. If you pay your utility bill by an online bank check service, please take time to verify that the account number you have listed on your check matches your current account number. This will insure that your payment is correctly posted to your account.

DP&L Energy - Saving Program

Last year the Covington Council entered into an agreement to sponsor an energy cost savings program administered by DP&L Energy. This program provides Village residents who take advantage of the program, a substantial savings on their monthly electric bill. If you have not yet signed up for this electric discount program, you still have time. DP&L Energy is currently offering a fixed price of 6.25 cents per kilowatt-hour for new customers that sign up before February 15, 2014. To obtain more information on the program or to sign up for the savings, call DP&L Energy at 866-693-9202.

Keeping Your Pipes from Freezing

Several residents have experienced frozen water pipes due to the extremely cold weather. If you are concerned about your pipes freezing, open cabinet doors and let a small stream of water trickle from water faucets in the areas that are susceptible to freezing. This will help to prevent frozen waterlines.

Winter Weather - Snow Removal

This winter season has proven to be a challenge for all area road crews. This issue is no different for our street crews as they work to balance the rising costs of snow removal with the need to keep village streets safe. Our street crews appreciate your help with relocating vehicles off the streets during these snow events, allowing them to clear the streets.
